SUMMARY

Events and community engagement operator with 12+ years producing high-stakes, multi-stakeholder programs at scale. Founded and ran a statewide summit series, designed and executed executive workshops across California, and built the community infrastructure for programs across the Air Force Research Lab during my husband's time in the U.S. Navy. Trained facilitator comfortable managing any room. Graduating Stanford GSB June 2026 and planning to stay in the Bay.

EXPERIENCE

Director of Community Strategies & Resources | [Valley Air District](#) **2021–2025**

Public health agency serving 4M residents; led \$140M+ portfolio and interdisciplinary, interagency team

- Founded and produced the California Community Engagement Summit: designed programming, secured speakers, managed vendors and logistics for multi-day statewide convening of government, industry, and community leaders
- Designed and executed executive coalition-building workshops across California: sourced venues, developed curriculum, facilitated sessions, and managed all on-site execution for multi-agency leadership audiences
- Served as agency spokesperson for governing board, state legislature, media, and community partners; prepared and presented outcomes to a 12-member governing board
- Built and led new interdisciplinary impact team from the ground up; hired, trained, and managed staff and contractors across multiple workstreams; managed \$12M annual operating budget
- Owned full lifecycle of \$140M capital deployment across 200+ community projects: designed evaluation process, built scoring frameworks, set success metrics, and reported outcomes to governing board and state legislature
- Launched air purifier program from concept to scale: structured vendor partnerships, designed delivery model, reached 20,000 low-income households; adopted as California statewide standard

Program Manager, Air Quality Analysis, Research & Modeling | [Valley Air District](#) **2019–2021**

- Deployed \$5M in monitoring infrastructure, creating data foundation for evidence-based community investment decisions; designed analytical framework generating 1,000+ hours in staff cost savings

Air Quality Analysis and Research Supervisor | [Valley Air District](#) **2014–2018**

- Led technology evaluation study resulting in industry-wide emissions-reduction equipment adoption across California
- Key strategist on federally-required air quality improvement planning team for regional compliance

Innovation + Collaboration Principal | [Doolittle Institute](#) / [DefenseWERX](#) **2018–2019**

Nonprofit connecting government, academia, and industry for Air Force Research Lab technology transition

- Founded Think Thursdays, a recurring speaker and networking series connecting founders, researchers, and government leaders; owned programming, logistics, and community communications end to end
- Planned and executed large-scale technology transfer workshops: managed vendor relationships, coordinated schedules across military, academic, and industry stakeholders
- Served as innovation & event manager for a community of 650+ researchers, engineers, and government partners across events and initiatives

EDUCATION

M.S. in Management | [Stanford Graduate School of Business](#) **Expected June 2026**

Coursework: impact investing, impact measurement, data & decisions, strategy, organizational behavior

- MSx Admit Day Ambassador: coordinating team and logistics for prospective student recruitment event

M.S. in Biomedical Engineering | [UC Irvine Henry Samueli School of Engineering](#) **2014**

B.S. in Bioengineering | [UCLA Henry Samueli School of Engineering](#) **2011**

Two peer-reviewed publications in Biomacromolecules (co-first author, 2013)

LEADERSHIP

- Investor, Stanford GSB Impact Fund – evaluating early-stage ventures across innovation and social impact
- Certified Professional Facilitator – experienced moderating executive and multi-stakeholder sessions
- Student Ambassador, Stanford GSB Office of Admissions
- Drum Major, UCLA Marching Band (2010–2012) – led 250-member ensemble before 80,000+ audiences; managed rehearsal logistics and coordinated with athletics and university operations
